THE ANDERSON MUTUAL FIRE AND LIFE INSURANCE COMPARY,

Incorporated under the Laws of South Carolina At a recent meeting of the Directors of the Anderson Mutual Fire and Life Insurance Company a fund was provided to meet losses as they occur until the Company has \$200,000 insurance in force when it will be able to pay its own losses; so if one of of their policy-holders should suffer a loss the company is now prepared to pay him

promptly.

It was also arranged to give reduced rates until Dec. 1st. At that time the old rates will be re-established. This reduction is made by cutting the Agents' commissions some and by the officers releasing their entire commissions. Until Dec. 1st, the amount going into the loss fund from each premium is not reduced one cent. Me are writing insurance every day, and our success is assured.
